

About us

The Future Of Voice website is hosted by the Broadband Stakeholder Group (BSG) – the government advisory body on telecommunications. It has been developed with the support of the industry stakeholders BT, Openreach, Virgin Media, TalkTalk, Sky, Department for Digital, Culture, Media and Sport (DCMS) and Ofcom. The website is designed for industry to provide information on the migration of fixed voice services to IP between now and 2025.
